

You're Going To It Here!

We're so happy that you decided to open an account with Bank of Idaho. We are here to help make your transition a smooth one!

Important Steps

- Open your new Bank of Idaho account(s) at your local branch.
For more information on your account options and our locations, visit our website at www.bankofidaho.com.
- Stop actively using account(s) you want to close.
Stop writing checks, initiating payments, and using your ATM/debit card to allow all transactions to clear and a final balance amount to be determined.
- Set up or switch your direct deposits to your new account(s).
*Notify your employer and/or switch other sources that deposit funds into your old account(s) that you are switching your account(s) to Bank of Idaho. To set up direct deposit, you will need: your new Bank of Idaho account number and Bank of Idaho's routing number: **124103676**.*
- Transfer your automatic payments to your new account(s).
*You will need a copy of your latest billing statement with your billing information, your new account number, and Bank of Idaho's routing number: **124103676**.*
- Close your former account(s).
Once your last checks, automatic deposits/withdrawals, and automatic payments have cleared, you are ready to close your former account(s). Contact your former financial institution to close the account(s).
